SECTION 3: INSTRUCTIONS OF APPLICANTS

3.1 Background

Greater Noida, spread over an area of about 380 sq. KMs, is being developed as an integrated industrial town close to New Delhi. Greater Noida is divided into Sectors and villages which are divided into 8 administrative zones called work circles. The population of Greater Noida as per 2011 census was around 1 lakh. The current population is estimated to be approximately around 10 lakhs.

Due to rapid urbanisation in most of the cities, management of E-Waste is becoming a challenge. Therefore, it is required to implement sustainable e-waste management projects. Greater Noida Industrial Development Authority (GNIDA) intends to engage an end-to-end service provider for management of e-waste generated within Greater Noida. The scope of work would include collection, transportation, processing and disposal of e-waste.

GNIDA is committed to achieve the goals of Swachh Bharat Mission of 100% scientific processing of waste. In view of this, GNIDA wants to encourage firms that are involved in collection, transportation, processing and disposal of e-waste..

3.2 Objective

The project objectives of the EoI, are aligned with the goals of the Solid Waste management Rule, 2016, E-waste (Management) Rule 2022, and other government guidelines. The primary objectives of the project include:

- Implementation of modern and scientific E- waste management.
- Facilitating behavioural change by promoting healthy sanitation practices and efficient waste management.
